

Dr Jenish Patel  
MBBS, MD, FRCPath

*Consultant Cellular Pathologist*

Dr Jenish Patel qualified from Mumbai, India in 1997, subsequently he undertook his postgraduate training in pathology at King Edward Memorial Hospital, Mumbai, in 2002.

Dr Patel then moved to the UK in 2005 to undertake further training in cellular pathology as a senior house officer in Liverpool and specialist registrar in Nottingham.

Dr Patel was appointed as a consultant cellular pathologist at Bedford Hospital in September 2010. He is a general histopathologist with a special interest in uropathology and gynaecological pathology, providing expertise in the multidisciplinary team meetings. He is also the pathology lead in those subspecialities.
